GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why are you receiving these proxy materials?

The Company is providing these proxy materials to you because the Board of Directors is soliciting holders of the Company's common stock, \$0.10 par value per share (the "Common Stock"), to provide proxies to be voted at the Annual Meeting. The Annual Meeting is scheduled for November 11, 2014, commencing at 9:00 a.m. local time at the Intercontinental Buckhead Atlanta Hotel located at 3315 Peachtree Road NE Atlanta, Georgia 30326. Your proxy will be used at the Annual Meeting or at any adjournment(s) of the meeting.

Why did I receive a notice of internet availability of proxy materials instead of a full set of proxy materials?

In accordance with the rules of the U.S. Securities and Exchange Commission ("SEC"), the Company is permitted to furnish proxy materials, including this proxy statement and its 2014 annual report, to stockholders by providing access to these documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless requested. Instead, the notice provides instructions on how to access and review the proxy materials on the internet. The notice also provides instructions on how to submit your proxy and voting instructions via the internet. If you would like to receive a printed or email copy of the Company's proxy materials, please follow the instructions for requesting the materials in the notice.

Who is soliciting my proxy?

The Board is soliciting your proxy to vote on all matters scheduled to come before the Company's Annual Meeting, whether or not you attend in person. By completing, dating, signing and returning the proxy card or voting instruction card, or by submitting your proxy and voting instructions via the internet, you are authorizing the proxy holders to vote your shares at the annual meeting as you have instructed.

Who is entitled to vote at the Annual Meeting?

Stockholders of record at the close of business on September 15, 2014, the record date for the Annual Meeting (the "Record Date"), are entitled to receive notice of the Annual Meeting and to vote their shares held on that date. As of the Record Date, 31,100,961 shares of Common Stock were outstanding, each of which is entitled to one vote on each proposal to be considered at the Annual Meeting. Stockholders do not have cumulative voting rights.

How can you vote?

Stockholders of Record: Shares Registered in Name

If you are a record holder, which means your shares are registered in your name, you may vote or submit a proxy:

1. *Over the Internet* — If you have internet access, you may authorize the voting of your shares by following the internet voting instructions set forth in the notice of internet availability of proxy materials. You must specify how you want your shares voted, or your vote will not be registered and you will receive an error message. Your shares will be voted according to your instructions.
2. *By Mail* — If you have received printed materials, complete, date and sign your proxy card and return it in the postage-paid envelope provided. If you sign your proxy card but do not specify how you want your shares voted, they will be voted in accordance with the recommendations of the Board. Unsigned proxy cards will not be voted.
3. *In Person at the Meeting* — If you attend the Annual Meeting, you may deliver a completed and signed proxy card in person or you may vote by completing a ballot, which the Company will provide to you at the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent (typically referred to as being held in "street name"), you should receive a notice containing voting instructions from that organization rather than directly from the Company. Simply follow the voting instructions in the notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or agent. Follow the instructions from your broker, bank or agent included with these proxy materials, or contact your broker, bank or agent to request a proxy form.

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine”. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine”, such as the ratification of the appointment of the independent registered public accounting firm for the Company, but cannot vote the shares with respect to “non-routine” matters, which would include matters that may substantially affect the rights or privileges of stockholders, including, but not limited to, proposals relating to election of directors, the compensation of our named executive officers and stockholder proposals, if any.

Can you change your vote or revoke your proxy?

You may change your vote or revoke your proxy at any time before your shares are voted at the Annual Meeting by: (1) notifying the Company’s Secretary, Peter Azzarello, in writing at 2500 Northwinds Parkway, Suite 100, Alpharetta, GA 30009, that you are revoking your proxy; (2) submitting new voting instructions using any of the methods described above; or (3) attending and voting by ballot at the Annual Meeting.

If you are the beneficial owner of shares held in “street name”, you must submit new voting instructions to your broker, bank, or other nominee pursuant to the instructions you have received from them.

How will your proxy vote your shares?

Your proxy will vote according to your instructions. If you vote by mail and complete, sign, and return the proxy card but do not indicate your vote, your proxy will vote “FOR” each of the director nominees, “FOR” for the ratification of the appointment of PricewaterhouseCoopers LLP, and “FOR” the approval, by a non-binding advisory vote, of the compensation of the Company’s named executive officers, which votes represent the recommendations of the Board with respect to such matters. The Board does not intend to bring any other matter for a vote at the Annual Meeting, and neither the Company nor the Board knows of anyone else who intends to do so. However, on any other business that properly comes before the Annual Meeting, your proxies are authorized to vote on your behalf using their best judgment.

What constitutes a quorum?

At any meeting of stockholders, the holders of issued and outstanding shares of capital stock which represent a majority of the votes entitled to be cast thereat, present in person or represented by proxy, constitutes a quorum. A quorum is necessary in order to conduct the Annual Meeting. If you choose to have your shares represented by proxy at the Annual Meeting, you will be considered part of the quorum. Broker non-votes will be counted as present for the purpose of establishing a quorum. If a quorum is not present at the Annual Meeting, the stockholders present in person or by proxy may adjourn the meeting to a date when a quorum is present. If an adjournment is for more than 30 days or a new record date is fixed for the adjourned meeting, the Company will provide notice of the adjourned meeting to each stockholder of record entitled to vote at the meeting.

What vote is required to approve each matter, and how are votes counted?

Proposal 1 — Election of directors — For Proposal 1, the nominees will be elected by a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. This means that the nominees with the most “FOR” votes will be elected. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the vote.

Proposal 2 — Ratification of the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm — For Proposal 2, the affirmative vote of the majority of the votes properly cast on this proposal is required to ratify the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for the Company’s fiscal year ending June 30, 2015. Abstentions will not be considered votes cast on the proposal and will therefore have no effect on such proposal.

Proposal 3 — Approval, by a non-binding advisory vote, of the compensation of the Company’s named executive officers — The proposal to approve, on an advisory basis, the compensation of the Company’s named executive officers requires the affirmative vote of a majority of the votes properly cast on this proposal. Abstentions and broker non-votes will not be considered votes cast on the proposal and will therefore have no effect on such proposal. However, because your vote is advisory, it will not be binding upon the Company, the Board or the Compensation Committee.

Could other matters be presented for a vote at the Annual Meeting?

The Company is not aware, as of the date hereof, of any matters to be presented for a vote at the Annual Meeting other than those stated in this Proxy Statement. If any other matters are properly brought before the Annual Meeting, the persons named as proxy holders will have the discretionary authority to vote the shares represented by the proxy card on those matters. If for any reason any of the nominees are not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board

Where can you find the voting results?

We intend to announce the preliminary voting results at the Annual Meeting and will publish the final results in a Current Report on Form 8-K, which the Company will file with the SEC no later than four business days following the Annual Meeting. If the final voting results are unavailable in time to file a current report on Form 8-K with the SEC within four business days after the Annual Meeting, we intend to file a Form 8-K to disclose the preliminary results and, within four business days after the final results are known, we will file an additional current report on Form 8-K with the SEC to disclose the final voting results.

Who is soliciting proxies, how are they being solicited, and who pays the cost?

The solicitation of proxies is being made on behalf of the Board of Directors, and the Company will bear the costs of the solicitation. The Company will be responsible for paying for all expenses to prepare, print, and mail the proxy materials to stockholders. In accordance with the regulations of the SEC, the Company will make arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy materials to their principals and will reimburse them for their reasonable expenses in so doing. In addition to the solicitation by use of the mails, the Company's officers, directors and employees may solicit the return of proxies by telephone or personal interviews. The Company may also retain a proxy solicitor if it appears reasonably likely that the Company may not obtain a quorum to conduct the Annual Meeting. The Company may retain a proxy solicitor, if it chooses to do so, at a cost not to exceed \$7,500.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation, as amended, and the Company's By-Laws provide that directors are to be elected at the Annual Meeting of Stockholders to hold office until the next annual meeting and until their respective successors are elected and qualified. Currently, the Board of Directors consists of eight members, seven of whom have been nominated for election at the 2014 Annual Meeting. Vacancies on the Board resulting from death, resignation, retirement, disqualification or removal may be filled by the affirmative vote of a majority of the remaining directors then in office, whether or not a quorum of the Board is present. Newly created directorships resulting from any increase in the number of directors may, unless the Board determines otherwise, be filled only by the affirmative vote of the directors then in office, whether or not a quorum of the Board is present. Any director elected as a result of a vacancy shall hold office for a term expiring at the next annual meeting of stockholders and until such director's successor shall have been elected and qualified.

Based on the recommendation of the Nominating and Governance Committee, the Board of Directors has nominated Messrs. Dougherty, Plumb and Richard, Ms. VanLent and Drs. Cox, Fox and Patti to serve a one-year term commencing at the Annual Meeting and continuing until the 2015 annual meeting or until their successors are duly elected and qualified. Each of the nominees is an existing director of the Company.

Each of the nominees has consented to being named as a nominee for director of the Company and has agreed to serve if elected. If, for any reason, at the time of the election any of the nominees should become unavailable to serve as a director, it is intended that the proxies voted for the election of such director will be voted for the election, in such nominee's place, of a substitute nominee recommended by the Board of Directors.

Set forth below is biographical information for each person nominated, including a description of the experience, qualifications, attributes and skills that led to the conclusion that the person should serve as a director of the Company as of the date hereof, in light of the Company's business strategy, prospects and structure.

The Compensation Committee determines the Executive Chairman's and Chief Executive Officer's compensation. The Compensation Committee is solely responsible for determining the Executive Chairman's and Chief Executive Officer's compensation. For the other executive officers, the Chief Executive Officer prepares and presents to the Compensation Committee performance assessments and compensation recommendations. Following consideration of the Chief Executive Officer's presentation, the Compensation Committee may accept or adjust the Chief Executive Officer's recommendations. The other executive officers are not present during this process. For more information, please see below under "Compensation Discussion and Analysis." The current charters of the Company's Audit Committee, Compensation Committee and Nominating and Governance Committee are posted on Biota's website at www.biotapharma.com.

Stockholder Recommendations for Director Nominees

In nominating candidates for election as director, the Nominating and Governance Committee will consider a reasonable number of candidates for director recommended by a single stockholder who has held over 1% of Common Stock for over one year and who satisfies the notice, information and consent provisions set forth in our by-laws and corporate governance principles. The Nominating and Governance Committee will consider stockholder recommendations for nominees sent to the Company's Nominating and Governance Committee, Biota Pharmaceuticals, Inc., 2500 Northwinds Parkway, Suite 100, Alpharetta, Georgia 30009, Attention: Secretary. Any recommendation from a stockholder with respect to a nominee should include the name, background and qualifications of such candidate, and should be accompanied by evidence of such stockholder's ownership of the Company's Common Stock. The Nominating and Governance Committee will use the same evaluation process for director nominees recommended by stockholders as it uses for other director nominees.

Identification and Evaluation of Nominees for Directors

The Company's Nominating and Governance Committee is responsible for identifying and recruiting candidates for the Board, including the review of a candidate's qualifications and compliance with independence and any other legal requirements for Board or committee service. The Nominating and Governance Committee reviews with the Board from time-to-time the appropriate skills and characteristics required of Board members in the context of the make-up of the Board and developing criteria for identifying and evaluating candidates for the Board. These criteria include, among other things, an individual's business experience and skills (including skills in core areas such as operations, management, technology, drug development, industry knowledge, accounting and finance, leadership, strategic planning and international markets), independence, judgment, integrity and ability to commit sufficient time and attention to the activities of the Board, as well as the absence of any potential or existing conflicts with the Company's interests. The Nominating and Governance Committee considers these criteria in the context of an assessment of the perceived needs of the Board as a whole and seeks to achieve diversity of occupational and personal backgrounds on the Board.

Director Attendance at Annual Meetings of Stockholders

The Company encourages and expects each of its directors to attend the annual meeting of stockholders, absent unusual circumstances. All members of our Board of Directors attended our 2013 Annual Meeting of Stockholders.

Board Leadership Structure

The Company is currently led by Dr. Patti, the Company's President and Chief Executive Officer, Mr. Plumb, the Company's Executive Chairman of the Board of Directors, and James Fox, Ph.D., an independent director and the Lead Director of the Board of Directors. Dr. Fox has served as a director since November 2012, served as the Chairman of the Company's Board from November 2012 to September 30, 2014 and prior to that, served as Chairman of the Board of Biota Holdings Limited, a predecessor company, from February 2009 to November 2012. Pursuant to the Company's corporate governance principles, it is the Board's preferred governance structure to separate the roles of Chairman of the Board and Chief Executive Officer, but the Board will regularly evaluate whether it is in the best interests of the Company for the Chief Executive Officer or another director to hold the position of Chairman.

The Board of Directors believes the Company's current Board composition and structure is advantageous because it demonstrates to the Company's stockholders, employees, suppliers, customers and other stakeholders that the Company is under experienced leadership while maintaining strong and effective independence. The newly-created Executive Chairman role avails the Company of the benefit of additional executive resources during a time of transition. Further, the Board believes the separation of the roles of Chief Executive Officer and Chairman, or Executive Chairman, coupled with the appointment of an independent Lead Director, enhances the Board's overall effectiveness and its oversight of, and independence from, Company management, as well as the ability of the Board to carry out its roles and responsibilities on behalf of the Company's stockholders, and the Company's overall corporate governance.

Stockholder Communications

Communications to the Board or to any committee of the Board or to any individual director must be in writing and sent to Biota Pharmaceuticals, Inc., 2500 Northwinds Parkway, Suite 100, Alpharetta, Georgia 30009, Attention: Corporate Secretary or delivered via e-mail to p.azzarello@biotapharma.com. The name(s) of any specific intended Board recipient(s) should be noted in the communication. Any such communication should specify the applicable director(s) to be contacted, as well as the general topic of the communication. The Company will initially receive and process a communication before forwarding it to the applicable director(s). The Company generally will not forward a stockholder communication to its directors if it determines that such communication is primarily commercial in nature or is abusive, threatening or otherwise inappropriate.

Corporate Governance Principles

The Company's corporate governance principles are designed to ensure effective corporate governance of the Company. These corporate governance principles cover topics including, but not limited to, director qualification criteria, director compensation, director orientation and continuing education, communications from stockholders to the Board, succession planning and the annual evaluations of the Board and its committees. The corporate governance principles will be reviewed regularly by the Nominating and Governance Committee and revised when appropriate. The full text of the Company's corporate governance principles is accessible to the public at www.biotapharma.com. A printed copy may also be obtained by any stockholder upon request.

Code of Ethical Conduct

The Company's Board adopted a code of ethical conduct to ensure that its business is conducted in a consistently legal and ethical manner. The code of ethical conduct establishes policies pertaining to, among other things, employee conduct in the workplace, securities trading, confidentiality, conflicts of interest, reporting violations and compliance procedures. All employees, including the Company's executive officers, as well as members of its Board, are required to comply with this code of ethical conduct. The full text of code of ethical conduct is accessible to the public at www.biotapharma.com. A printed copy may also be obtained by any stockholder upon request. Any waiver of the code of ethical conduct for executive officers or directors must be approved by the Board after receiving a recommendation from the Audit Committee. The Company will disclose future waivers and amendments to its code of ethical conduct on its website, www.biotapharma.com, within four business days following the date of the amendment or waiver.

Role of Board in Risk Management Oversight Process

The responsibility for the day-to-day management of risk lies with the Company's management, while the Board is responsible for overseeing the risk management process to ensure that it is properly designed, well-functioning and consistent with the Company's overall corporate strategy. Each year the Company's management identifies what it believes are the top individual risks facing the Company. These risks are then discussed and analyzed with the Board. This enables the Board to coordinate the risk oversight role, particularly with respect to risk interrelationships. However, in addition to the Board, the committees of the Board consider the risks within their areas of responsibility. The Audit Committee oversees the risks associated with the Company's financial reporting and internal controls, as well as general business and operating risks. The Compensation Committee oversees the risks associated with the Company's compensation practices for its employees. The Nominating and Governance Committee oversees the risks associated with the Company's overall governance, corporate compliance policies (for example, policies addressing relationships with health care professionals and compliance with anti-kickback laws) and its succession planning process to ensure that the Company has a slate of qualified candidates for key management positions that may become open in the future.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Common Stock (collectively the "Reporting Persons") to file reports of ownership and changes in ownership of Common Stock with the SEC, with a copy delivered to the Company. In addition, the Company prepares Section 16(a) reports on behalf of certain Reporting Persons, including its executive officers and directors. Based solely on a review of Forms 3 and 4 furnished to the Company by the Reporting Persons or prepared on behalf of the Reporting Persons by the Company and on written representations from certain Reporting Persons that no Form 5's were required, the Company believes that the Reporting Persons have complied on a timely basis with reporting requirements applicable to them for transactions during the fiscal year ended June 30, 2014.

Compensation Committee Interlocks and Insider Participation

No member of the Company's Compensation Committee was formerly an executive officer or employee of the Company. In addition, none of the Company's executive officers has served on the board of directors or Compensation Committee of another entity at any time during which an executive officer of such other company served on the Company's Board of Directors or its Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Person Transactions

Under the policy, the Audit Committee is responsible for reviewing and either approving or disapproving transactions involving potential conflicts of interest with corporate officers and directors, whenever possible in advance of the creation of such transaction or conflict and all other related party transactions. In determining whether to approve or ratify such a transaction, the Audit Committee will take into account, among other factors it deems appropriate, the material terms of the transaction, the nature of the related party's interest in the transaction, the significance of the transaction to the related party and the nature of the related party's relationship with the Company, the significance of the transaction to the Company, and whether the transaction would be likely to impair (or create an appearance of impairing) the judgment of a director or executive officer to act in the best interest of the Company.

Related Person Transactions

The Company is not aware of any transactions, since the beginning of the last fiscal year, or any proposed transactions, in which the Company was or is a party, where the amount involved exceeded \$120,000 and in which a director, director nominee, executive officer, holder of more than 5% of the Company' Common Stock, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following compensation discussion and analysis focuses on the Company’s current and anticipated compensation programs. It is designed to provide stockholders with an understanding of the Company’s compensation philosophy and objectives, as well as an overview of the analysis that the Compensation Committee performed in setting executive compensation.

The persons deemed to be “named executive officers” for fiscal 2014 under SEC rules, and the titles they held in fiscal 2014, were as follows:

- Russell H. Plumb, President and Chief Executive Officer
- Joseph M. Patti, M.S.P.H., Ph.D., Executive Vice President, Corporate Development and Strategy, and Assistant Secretary

This discussion contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding our business objectives and anticipated achievement under existing and future compensation programs. Actual compensation programs that we may adopt in the future may differ materially from currently planned programs as summarized in this discussion.

Overview of Executive Compensation Program

Our Compensation Committee oversees our executive compensation program and determines executive compensation. Our compensation program is intended to align our officers’ interests with those of our stockholders by rewarding performance for the achievement of goals as established by the Compensation Committee and Board. Our compensation approach is tied to our stage of development and the current performance goals are set with the objectives of advancing our product development and testing and, thereby, increasing stockholder value.

In an effort to ensure our compensation practices are comparable to those of similar public biopharmaceutical companies, in February 2013 the Compensation Committee engaged Radford, an Aon Hewitt Company (“Radford”), an independent compensation consultant, to provide compensation advisory services that included the following:

- an assessment of our executive compensation philosophy and plan structures and objectives;
- the development of a peer group of companies for compensation comparison purposes;
- a review of considerations and market practices related to short-term cash incentive plans and a review of long-term equity and other incentive trends in the biopharmaceutical industry;
- the collection of competitive compensation levels for each of our executive positions;
- an assessment of our executives’ base salaries, cash bonuses, and equity compensation levels;
- a review of our equity compensation strategy, including the development of award guidelines; and,
- a review of board of director compensation practices among biopharmaceutical companies of comparable size and/or stage.

Radford completed its initial assessment of the Company's director compensation program in March 2013 and of the Company's executive compensation program in June 2013, and provided its respective recommendations to the Compensation Committee at those times. The Compensation Committee intends to continue to assess the Company's executive and director compensation programs through the benchmarking and other services provided by Radford from time-to-time.

The Compensation Committee reviews and approves all compensation decisions relating to our executives, including our named executive officers, and oversees and administers our executive compensation programs and initiatives. Our compensation program is designed to attract and retain talented employees, to motivate them to achieve our key financial, operational, and strategic goals, and to reward them for superior performance. Assuming we continue to meet our corporate, operational and research milestones, add to our senior management team, and progress toward the development and commercialization of additional products, we expect that the overall philosophy and the specific direction, emphasis, and various components of our executive compensation program will evolve. The objectives of our compensation program include:

- a program structure to attract, motivate and retain a highly qualified executive management team;
- linking executive compensation to key corporate objectives, including near-term product development, business development and financial goals, as well as to define other management objectives established by the Compensation Committee and/or Board;
- providing competitive compensation to that of similarly staged and situated biopharmaceutical companies; and
- creating management incentives designed to enhance stockholder value.

We intend to evaluate our philosophy and compensation programs as circumstances require, and, at a minimum, we will review our executive compensation annually.

Compensation Process

Our Compensation Committee is responsible for establishing our compensation philosophy and setting the compensation levels for our executives, including base salaries, cash bonus awards, and equity-based incentive awards. To assist the Compensation Committee in its executive compensation evaluations, the Company's Chief Executive Officer prepares a report each fiscal year recommending base salaries, bonus targets, and equity-based incentive awards for each executive officer. In addition to this report, our Compensation Committee considers relevant market compensation data. The Compensation Committee, in its sole discretion, may accept or adjust the compensation recommendations it is provided. No executive officer is allowed to be present at the time his or her compensation is being discussed or determined by the Compensation Committee.

Benchmarking

As part of Radford's compensation advisory services to the Compensation Committee, in March 2013 Radford developed and recommended a group comprised of 21 publicly-traded biopharmaceutical companies in similar stages of drug development (Phase 2 or Phase 3), as well as some smaller commercial companies, to be our "peer" group for purposes of benchmarking our compensation program and practices. Each member of the peer group was selected based largely on its market capitalization, number of employees and stage of development. Given our stage of development, the selection of peer companies focused on those companies with a market capitalization similar to ours at the time of between \$50 million and \$225 million and with less than 230 employees. Due to the thoroughness of Radford's March 2013 assessment and the fact that the Company's market capitalization, number of employees, and other metrics used in determining a peer group were not materially different in fiscal 2014 than 2013, and upon consultation with Radford, the Compensation Committee determined that a full peer group review and analysis for fiscal 2014 was not necessary. However, the Compensation Committee did engage Radford to provide guidance on certain specific issues, including those regarding current trends in long-term incentive grants for executives.

The following companies comprised our peer group (the "peer group") as determined by Radford in 2013:

A.P. Pharma	BioDelivery Sciences Int'l	Pharmathene
Aastrom Biosciences	Cell Therapeutics	Pozen
Agenus	Corcept Therapeutics	Senomyx
Alimera Sciences	Cytokinetics	Targacept
Amicus Therapeutics	Galena Biopharma	Transcept Pharmaceuticals
Apricus	Insmed	Vanda Pharmaceuticals
BioCryst Pharmaceuticals	Novavax	Zalicus

The Compensation Committee used this report to evaluate whether our executive compensation levels, including base salary and incentive awards, were within industry norms, and, based on this analysis, determined that our compensation levels were positioned between the 50th - 75th percentiles of the peer group as further described below.

Determination of Executive Compensation

In setting compensation for our executive officers, our Compensation Committee's philosophy is to consider market levels of compensation, an executive's contributions and responsibilities, and the goals and overall progress of the Company. During fiscal 2013, with the assistance of Radford, the Compensation Committee established a philosophy to target total compensation for our named executives at or slightly above the 50th percentile of the market, based on the peer group. Total compensation for this purpose includes base salary, annual cash bonus incentives, long-term equity incentives and other benefits.

In addition to market benchmarking, the Compensation Committee reviews the compensation recommendations of our Chief Executive Officer (other than with respect to determining his own compensation) and considers the Company's overall performance during the prior fiscal year, each executive's individual contributions during the prior fiscal year, the individual's annual performance reviews based on achievement of annual goals, industry research, and other relevant market data. In addition, with respect to new hires, our Compensation Committee considers an executive's background, historical compensation and role undertaken within the Company in lieu of prior year performance.

Components of Executive Compensation

Our current executive compensation program consists of the following components:

- base salary;
- performance-based cash bonus awards;
- long-term equity-based incentives; and
- other benefits.

We combine these elements in order to formulate compensation packages that the Compensation Committee believes will provide competitive pay; reward achievement of key financial, operational, and strategic objectives; and, align the interests of our executive officers with those of our stockholders.

Base Salary

We provide our executive officers with a base salary to compensate them for services provided to us during the fiscal year. In setting base salaries for our executive officers, our Compensation Committee considered, and will continue to consider, the executive's position, success in achieving our prior year corporate goals and contribution and performance during the prior fiscal year, relevant market data, and benchmark levels. The evaluations and recommendations proposed by our Chief Executive Officer are also considered. With respect to new hires, the Compensation Committee considers an executive's background and historical compensation in lieu of prior year performance. Our Compensation Committee evaluates and sets the base salaries for our executives following annual performance evaluations, as well as upon a promotion or other change in responsibility. We expect our Compensation Committee to continue these policies going forward.

In setting the base salaries for our executives for fiscal 2013, our Compensation Committee initially did so based on its research, informal benchmarking, and knowledge of companies in the biopharmaceutical industry. Following the assessment of our compensation programs by Radford, which was completed in June 2013, the Compensation Committee determined that no material change in base salaries for fiscal 2014 was necessary for Mr. Plumb, as his base salary was at or above the 50th percentile. However, the Compensation Committee did determine that a standard increase of approximately 2% was appropriate to maintain pace with the market for Dr. Patti. Our named executive officers were paid base salaries for the fiscal year ended June 30, 2014, and are currently being paid base salaries for the fiscal year ending June 30, 2015, as set forth in the following table:

Name and Title	Fiscal 2014 Base Salary	Fiscal 2015 Base Salary
Russell H. Plumb, President and Chief Executive Officer ⁽¹⁾	\$ 525,000	\$ 250,000
Joseph M. Patti, M.S.P.H., Ph.D., Executive Vice President, Corporate Development and Strategy ⁽¹⁾	408,000	500,000

(1) Effective October 1, 2014, Joseph M. Patti was appointed President and Chief Executive Officer at a base salary of \$500,000 per annum and Russell H. Plumb was appointed Executive Chairman with a base salary of \$250,000 per annum.

Performance-Based Cash Bonus Awards

To align each executive officer's efforts with the Company's financial, operations and strategic goals, on an annual basis the Compensation Committee and/or Board will approve key corporate goals for purposes of establishing an executive's potential short-term cash incentive award, and, in any given year, these goals will be generally related to the achievement of specific research, clinical, regulatory, business development, operational or financial milestones. Each of these corporate goals is assigned a respective weighting relative to all the corporate goals. For fiscal 2014, based upon actual performance, an achievement level of between a threshold of 60% and a maximum of 140% was assigned to each goal by the Compensation Committee. If actual performance fell below the 60% threshold, the goal was generally assigned a 0% achievement level and no incentive compensation would be earned on that particular goal.

For the Company's fiscal year ended June 30, 2014, Mr. Plumb's and Dr. Patti's annual performance-based short-term incentive target awards, as a percentage of base salary, were 55% and 40%, respectively. The amount of the annual cash incentive or bonus actually earned and payable to each named executive officer depends primarily on the level of achievement, as determined by the Compensation Committee, of the overall corporate goals that have been approved by the Compensation Committee. For example, if the Compensation Committee determined that a 75% achievement level was met with respect to the corporate goals during a given year, Dr. Patti would be eligible for a cash bonus of 30% of his base salary (40% target x 75% achievement level). In its discretion, the Compensation Committee may award bonus payments to the executives above or below the target amount, particularly in cases where goals are materially exceeded.

The Compensation Committee defined the Company's fiscal 2014 performance goals as follows:

- Successfully complete a number of clinical trials of laninamivir octanoate, including the adult Phase 2 trial;
- Achieve identified research milestones for certain preclinical programs;
- Complete certain trials of vapendavir and a design for a Phase 2 trial in asthma patients;
- Achieve certain defined business development goals; and
- Achieve other identified financial goals.

In August 2014, the Compensation Committee gave consideration to the achievement levels and relative weighting of the above referenced performance goals for fiscal 2014. After consideration of the performance level achieved for each goal and its relative weighting, as well as other events that occurred during the fiscal year, the Compensation Committee determined that there would be no performance-based cash bonus awards earned for the fiscal year ended June 30, 2014:

Name and Title	Fiscal 2014 Bonus Potential	Fiscal 2014 Bonus Award
Russell H. Plumb, President and Chief Executive Officer	\$ 288,750	\$ -
Joseph M. Patti, M.S.P.H., Ph.D., Executive Vice President, Corporate Development and Strategy	160,000	-

Our Compensation Committee also approved key performance goals for the performance-based cash bonus awards for fiscal 2015 at its meeting in September 2014. The following sets forth the anticipated target bonus amounts for fiscal 2015:

Name and Title	Fiscal 2015 Bonus Target (% of Salary)	Amount at Target
Joseph M. Patti, M.S.P.H., Ph.D., President and Chief Executive Officer	50%	\$ 250,000
Russell H. Plumb, Executive Chairman of the Board	40%	100,000

Long-Term Equity-Based Incentive Awards

In addition to base salary and performance-based cash bonus awards, we provide long-term equity-based incentive awards to our executive officers. For fiscal 2014, these equity-based incentive awards generally consisted of performance-based options to purchase shares of our common stock and market stock units. We believe that stock option awards and market stock units help further our compensation objectives by encouraging our executives to remain with us through at least the vesting period of these awards and providing them with an incentive to continue to focus on our long-term financial performance and increasing stockholder value.

Initial Equity Awards. Executives and all other employees who join the Company are typically provided an initial equity-based award, generally in the form of stock options to purchase shares of the Company's Common Stock. These stock option grants have an exercise price equal to the fair market value of the Company's Common Stock on the grant date, and typically will vest over a period of three to four years. The size of the initial stock option grant awarded to an executive or employee is determined based on a number of factors, including the executive's or employee's position in the Company, the number of shares reserved and available to be issued pursuant to awards under the 2007 Omnibus Equity and Incentive Plan, and, if available, an analysis of the competitive practices of comparable peer group companies of similar size and stature as represented in the compensation data compiled by Radford. We also consider the executive's background and historical compensation when determining the number of options or restricted stock units to grant to the executive upon being hired, and from time-to-time. No initial equity awards were granted to Mr. Plumb or Dr. Patti during fiscal 2014.

Annual Equity-Based Awards. During the fiscal year ended June 30, 2014, the Compensation Committee determined that it would be appropriate to complement base salary and performance-based cash bonus awards with annual long-term equity awards that would, based on their value at the date of grant, provide our named executive officers with total compensation at or slightly above the 50th percentile of our peer group of companies. The Compensation Committee believes that annual equity-based awards provide executives and all employees with a strong incentive to maximize long-term corporate performance and value creation. The aggregate value of these awards is intended to provide long-term incentives in an amount that will retain executives and employees, individually and as a whole, and represents an opportunity for executives to earn total compensation above the median compensation levels of comparable peer group companies represented in the compensation data compiled by Radford.

Equity Award Grant Practices. The exercise price of a stock option grant or the value of other equity awards granted to our executives, employees and directors have been and will continue to be set at no less than the fair market value on the date of the award or grant. The amount of realizable value related to such grants and awards is determined by our stock price on the dates of vesting and, therefore, will be determined by our financial performance during the time after award but prior to vesting.

The exercise price of any stock option grant and the value of any market stock unit, restricted stock unit or other equity award is determined by reference to the fair market value of the underlying shares, which our 2007 Omnibus Equity and Incentive Plan defines as the closing price of our Common Stock on the Nasdaq on the date of grant. However, because stock options have been, and will continue to be, granted with an exercise price equal to the fair market value on the date of the grant, such options only have intrinsic value to the holder to the extent that the price of our Common Stock increases above the exercise price during the term of the option. Market and restricted stock unit awards generally have cash value equal to the current stock price.

Stock options granted to executives or employees as an initial equity award generally will vest in three or four equal installments on the first, second, third and, if applicable, fourth anniversary of the grant date and have a 10-year term. Stock options granted as annual equity-based awards will generally vest in three installments on the first, second, and third anniversary of the grant date and have a six year term, or will be performance-based and will vest upon the achievement of specified performance milestones, as predetermined and approved by the Compensation Committee. All vesting is generally subject to the executive's or employee's continued service to the Company, or upon a change of control. Market or performance stock units granted to executives and employees will generally vest on a predetermined future date, typically the second or third anniversary of the grant date, and the degree of vesting will be determined by the relative fair market value of the Company's Common Stock on the vesting date as compared to the fair market value on the grant date, subject to the executive's or employee's continued service to the Company. Restricted stock units granted to executives and employees will generally vest in three equal installments on the first, second and third anniversary of the grant date, subject to the executive's or employee's continued service to the Company. Additional information regarding accelerated vesting prior to, upon, or following a change in control is discussed below under "Potential Payments upon Termination or Change in Control."

Severance and Change of Control Benefits

We have entered into employment agreements that require specific payments and benefits to be provided to certain executive officers in the event their employment is terminated following a change of control or in the event their employment is terminated without cause or by the executive for good reason. See "Employment Agreements" below.

Other Benefits

In order to attract and retain qualified individuals, we have historically provided, and will continue to provide, our executives with the following benefits:

- ***Health Insurance*** – We provide each of our executives and their spouses and children the same health, dental, and vision insurance coverage we make available to our other eligible employees. Outside of the U.S., this coverage may be provided by government sponsored health insurance programs.
 - ***Life and Disability Insurance*** – We generally provide each of our executives with life and disability insurance coverage equal to twice their respective base salary.
 - ***Retirement Benefits*** – We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executives and other eligible employees are eligible to participate in our 401(k) defined contribution plan, or if employed outside the U.S., similar retirement savings programs in those countries. For our U.S.-based employees, we currently make matching contributions to participants in the 401(k) plan in an amount equal to 25 percent of the employee's deferral up to a maximum of four percent of an employee's salary, subject to statutory limits.
 - ***Nonqualified Deferred Compensation*** – We do not provide any nonqualified defined contribution or other deferred compensation plans to any of our employees.
 - ***Perquisites*** – We limit the perquisites that we make available to our executive officers. Our executives are entitled to relocation expenses on their initial hire and other benefits with de minimis value that otherwise may not be available to all of our employees.

Employment Agreements

Joseph M. Patti, M.S.P.H., Ph.D., President and Chief Executive Officer

Effective October 1, 2014, the Company entered into an Executive Employment Agreement with Dr. Patti in connection with his appointment as President and Chief Executive Officer. Pursuant to the agreement, Dr. Patti receives an annual base salary of \$500,000, subject to adjustment as determined by the Compensation Committee, and is eligible to participate in the bonus and incentive compensation plans of the Company in which other executives of the Company are generally eligible to participate, as the Board or a committee thereof will determine from time-to-time in its sole discretion. Subject to the terms and conditions of such bonus and incentive compensation plans, Dr. Patti's annual cash incentive compensation will be targeted at not less than 50% of his then annual salary. Further, in connection with Dr. Patti's appointment as President and Chief Executive Officer and including an annual long-term equity award for fiscal 2015, on October 1, 2014, Dr. Patti was granted a stock option to purchase 475,000 shares of the Company's Common Stock, one-third (1/3) of which will vest on each of the first, second and third anniversaries of the grant date.

Dr. Patti's agreement continues through December 31, 2015 and thereafter will be renewed automatically for successive one year periods (without any action by either party) effective as of January 1st of each year, but may be terminated by either party prior to that date in accordance with the terms of the agreement.

If Dr. Patti's employment is terminated by the Company for any reason other than cause, death or disability or in connection with a change in control, or if Dr. Patti terminates his employment for good reason other than in connection with a change in control, the Company will pay Dr. Patti a lump sum equal to the sum of (i) Dr. Patti's unpaid salary through such termination; plus (ii) any cash incentive compensation earned and unpaid through such termination; plus (iii) Dr. Patti's salary for eighteen (18) months; plus (iv) the product of one and a half times (1.5x) the cash incentive compensation paid to Dr. Patti in respect of the most recent fiscal year prior to the year in which such termination occurs; plus (v) an amount equal to the present value of the premium payments that would be made by the Company if Dr. Patti were to continue to be covered under the Company's group health, life and disability insurance for eighteen (18) months, which amount will be determined by the Company in its sole discretion.

If Dr. Patti's employment is terminated by him for good reason or by the Company for any reason other than cause, death or disability (as those terms are defined in the agreement) in either case within 60 days prior to or one year after a change in control, Dr. Patti will receive a lump-sum cash amount equal to the sum of (i) Dr. Patti's unpaid salary and vacation through such termination; plus (ii) any cash incentive compensation earned and unpaid through such termination; plus (iii) two times (2x) the sum of (A) Dr. Patti's annual base salary as then in effect and (B) the cash incentive compensation paid to Dr. Patti in respect of the most recent fiscal year prior to the year in which the change in control occurs; plus (iv) a payment equal to the present value of the premium payments that would be made by the Company if Dr. Patti were to continue to be covered under the Company's group health, life and disability insurance for twenty four (24) months, which amount will be determined by the Company in its sole discretion.

Russell H. Plumb, Executive Chairman of the Board

Effective October 1, 2014, the Company and Mr. Plumb entered into an Employment Agreement in conjunction with his appointment as the Executive Chairman of the Company's Board of Directors. Pursuant to the agreement, Mr. Plumb will receive an annual base salary of \$250,000, subject to adjustment as determined by the Compensation Committee, and will be eligible for a bonus and incentive payment, as the Board or a committee thereof will determine, based on specified goals. Subject to the terms and conditions of such bonus and incentive compensation plans, Mr. Plumb's annual cash incentive compensation will be targeted at 40% of his annual base salary. Further, pursuant to this agreement, Mr. Plumb was awarded 40,000 performance-based restricted stock units that will vest upon the achievement of certain pre-determined milestones and goals as established by the Board.

The agreement continues through the date of the 2015 Annual Meeting of Stockholders, which is expected to occur in mid-November, 2015 (the "Term"), but may be terminated by either party prior to that date in accordance with the terms of the agreement.

In the event Mr. Plumb's employment is terminated by the Company for any reason other than cause, death or disability or in connection with a change in control, or if Mr. Plumb terminates his employment for good reason other than in connection with a change in control, the Company will pay Mr. Plumb a lump sum equal to the sum of (i) Mr. Plumb's unpaid salary through such termination; plus (ii) any bonus earned and unpaid through such termination; plus (iii) Mr. Plumb's base salary for three (3) months; plus (iv) an amount equal to the present value of the premium payments that would be made by the Company if Mr. Plumb were to continue to be covered under the Company's group health, life and disability insurance for three months, which amount will be determined by the Company in its sole discretion.

If Mr. Plumb's employment is terminated by him for good reason or by the Company for any reason other than cause, death or disability (as those terms are defined in the agreement), in either case, within one year after a change in control but before the end of the Term, he shall receive a lump-sum cash payment equal to the sum of (i) Mr. Plumb's unpaid salary through such termination; plus (ii) any bonus earned and unpaid through such termination; plus (iii) Mr. Plumb's base salary for six (6) months; plus (iv) an amount equal to the present value of the premium payments that would be made by the Company if Mr. Plumb were to continue to be covered under the Company's group health, life and disability insurance for six months, which amount will be determined by the Company in its sole discretion.

(2) Amounts reported reflect the value of the accelerated vesting of unvested stock options based on the excess of \$2.85 per share, the closing price of our Common Stock on June 30, 2014, over the option exercise price per share. In the event the option exercise price is greater than \$2.85, the value of any accelerated vesting associated with that grant is calculated as zero. The value of the accelerated vesting of unvested restricted stock is based on \$2.85 per share. The value of the accelerated vesting of market stock units is based on the product of (i) \$2.85 and (ii) 0.69, which is the ratio of the fair market value of our Common Stock as of June 30, 2014 to the fair value of our Common Stock on the date the market stock units were granted (\$4.13), and (iii) the number of market stock units outstanding.

PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2015, and the Company seeks the ratification by the stockholders at the Annual Meeting of such selection. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

On November 8, 2012, Nabi completed a merger with Biota Holdings Limited. The merger was treated as a reverse acquisition for accounting purposes and, as such, the historical financial statements of the accounting acquirer, Biota Holdings Limited, became the Company's historical financial statements. In connection with the merger, the Company changed its fiscal year end to June 30 to conform to that of Biota Holdings Limited. Ernst & Young LLP had audited the Nabi financial statements for the fiscal year ended December 31, 2011, while PricewaterhouseCoopers (Australia) ("PwC Australia") had audited the financial statements of Biota Holdings Limited for its fiscal year ended June 30, 2012. SEC guidance indicates that, unless the same accountant reported on the most recent financial statements of both the accounting acquirer and the accounting acquiree, a reverse acquisition results in a change of accountants. Consequently, upon the consummation of the merger, Ernst & Young LLP was dismissed as our independent registered public accounting firm and on December 5, 2012, the Audit Committee of the Company's Board of Directors formally engaged PwC Australia to serve as the independent registered public accounting firm for the Company for the fiscal year ended June 30, 2013.

Ernst & Young LLP's reports on Nabi's financial statements for the fiscal years ended December 31, 2011 did not contain an adverse opinion or disclaimer of opinion, or qualification or modification as to uncertainty, audit scope, or accounting principles. In addition, during the Company's two most recent fiscal years and through the date of this report, there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Ernst & Young LLP, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report.

The Company provided Ernst & Young LLP with a copy of the foregoing disclosures as contained in Item 4.01 of its Current Report on Form 8-K filed with the SEC on December 11, 2012 and requested that Ernst & Young LLP furnish a letter addressed to the SEC stating whether it agreed with the above statements made by the Company. A copy of such letter, dated December 10, 2012, is filed as Exhibit 16.1 to that Current Report on Form 8-K.

PwC Australia was the independent registered public accounting firm that audited Biota Holdings Limited's financial statements for the fiscal years ended June 30, 2012. During the fiscal years ended June 30, 2012, and during the interim period from July 1, 2012 to December 5, 2012, the Company did not consult with PwC Australia in regards to Nabi, Inc.'s financial statements, which were audited by Ernst & Young LLP, with respect to any of (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on the Company's financial statements; or (iii) any other matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event of the type described in Item 304(a)(1)(v) of Regulation S-K. Additionally, during the fiscal years ended June 30, 2012, and during the interim period from July 1, 2012 to December 5, 2012, no written report or oral advice was provided to the Company by PwC Australia that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue.

On April 21, 2014, and in connection with a change in the Company's partner relationship within PricewaterhouseCoopers, the Audit Committee of the Company's Board of Directors approved the engagement of PricewaterhouseCoopers LLP ("PwC U.S.") as the Company's independent registered public accounting firm and dismissed PwC Australia. The Company notified PwC Australia of its dismissal on April 23, 2014. The reports of PwC Australia on the financial statements of the Company for the fiscal years ended June 30, 2013 and 2012 contained no adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

The Company provided PwC Australia with a copy of the foregoing disclosures pursuant to Item 304(a)(3) of Regulation S-K and requested that PwC Australia furnish it with a letter addressed to the SEC stating whether or not PwC Australia agrees with the above statements. A copy of such letter, dated April 29, 2014, is filed as Exhibit 16.1 to that Current Report on Form 8-K.

During the fiscal years ended June 30, 2013 and 2012 and the subsequent interim period through April 21, 2014, there have been (i) no disagreements with PwC Australia on any matter of accounting principles or practice, financial statement disclosure, or auditing scope or procedure, any of which that, if not resolved to the satisfaction of PwC Australia, would have caused them to make reference thereto in their reports on the financial statements for such fiscal years and (ii) no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K.

In the event the Company's stockholders fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company's stockholders.

The proposal to ratify the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions are considered present and entitled to vote with respect to this proposal and will, therefore, be treated as votes against this proposal. Broker non-votes with respect to this proposal will not be considered as present and entitled to vote on the proposal, which will therefore reduce the number of affirmative votes needed to approve this proposal.

Required Vote and Board Recommendation

If a quorum is present and voting, the affirmative vote of the majority of the votes properly cast on this proposal is required to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the Company's fiscal year ending June 30, 2015. Abstentions will not be considered votes cast on the proposal and will therefore have no effect on such proposal.

The Board of Directors recommends a vote "For" on the ratification of the independent registered public accounting firm.

FEES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As stated above, in connection with the reverse merger, the Company changed its fiscal year end to June 30 to conform to that of Biota Holdings Limited. The following table sets forth the aggregate fees accrued by the Company for audit and other services provided by PricewaterhouseCoopers LLP (U.S.) for the fiscal year ended June 30, 2014 and by PricewaterhouseCoopers (Australia) for the fiscal year ended June 30, 2013.

- (3) Fees paid to PricewaterhouseCoopers (Australia).

Pre-approval Policies and Procedures

The Audit Committee has adopted a pre-approval policy with respect to any fees that may be paid to the Company's independent registered public accounting firm and, therefore, has approved in advance all fees paid to PricewaterhouseCoopers during the last two fiscal years.

Pursuant to the Company's pre-approval policy, on an annual basis the Audit Committee specifically reviews and pre-approves the audit services to be performed by the Company's independent registered public accounting firm, along with the associated fees. Prior to the end of each fiscal year, management provides to the Audit Committee a list of other services that it anticipates requiring of its independent registered public accounting firm during the year, along with estimates of the costs of these services. The Committee subsequently considers the general pre-approval of these services and their costs. All other services are pre-approved by the Audit Committee in accordance with applicable requirements.

REPORT OF THE AUDIT COMMITTEE

Under the guidance of a written charter adopted by the Board, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. The responsibilities of the Audit Committee include appointing and providing for the compensation of our independent registered public accounting firm. Each member of the Audit Committee meets the independence and qualification standards for Audit Committee membership set forth in the listing standards provided by Nasdaq.

Management has primary responsibility for the system of internal controls and the financial reporting process. The independent registered public accounting firm has the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The independent registered public accounting firm is also responsible for auditing the Company's internal controls over financial reporting. The Audit Committee appointed PricewaterhouseCoopers LLP to audit the Company's financial statements and the effectiveness of the related systems of internal control over financial reporting for the fiscal year ended June 30, 2014.

The Audit Committee is kept apprised of the progress of the documentation, testing and evaluation of the Company's system of internal controls over financial reporting, and provides oversight and advice to management. In connection with this oversight, the Committee receives periodic updates provided by management and PricewaterhouseCoopers LLP at each regularly scheduled Audit Committee meeting. The Committee also holds private sessions with PricewaterhouseCoopers LLP on a regular basis to discuss their audit plan for the year, the financial statements and risks of fraud. At the conclusion of the process, management provides the Audit Committee with, and the Audit Committee reviews, a report on the effectiveness of the Company's internal control over financial reporting, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K.

The Audit Committee pre-approves all services to be provided by the Company's independent registered public accounting firm. Pre-approval is required for audit services, audit-related services, tax services and other services. In some cases, the full Audit Committee provides pre-approval for up to a year, related to a particular defined task or scope of work and subject to a specific budget. In other cases, a designated member of the Audit Committee, typically the Chair, may have delegated authority from the Audit Committee to pre-approve additional services, and such pre-approval is later reported to the full Audit Committee. See "Fees of Independent Registered Public Accounting Firm" above for more information regarding fees paid to PricewaterhouseCoopers for services in fiscal years 2014 and 2013.

In this context, and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the Audit Committee has:

- reviewed and discussed the audited financial statements as of and for the fiscal year ended June 30, 2014 with the Company's management and PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm;
- discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;
- received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, discussed with the independent registered public accounting firm its independence, and concluded that the non-audit services performed by PricewaterhouseCoopers LLP are compatible with maintaining its independence;
- based on the foregoing reviews and discussions, recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2014 filed with the SEC; and
- instructed the independent registered public accounting firm that the Audit Committee expects to be advised if there are any subjects that require special attention.

The Audit Committee met five times during the fiscal year ended June 30, 2014. This report for fiscal 2014 is provided by the members of the Audit Committee of the Board.

PROPOSAL 3

ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Board of Directors is providing stockholders with the opportunity to cast an advisory vote on the compensation of the Company's named executive officers. This proposal, commonly known as a "Say on Pay" proposal, gives you, as a stockholder, the opportunity to endorse or not endorse the Company's executive compensation programs and policies and the compensation paid to its named executive officers.

The Say on Pay vote is advisory, and therefore not binding on the Compensation Committee or the Board. Although the vote is non-binding, the Compensation Committee and the Board will review the voting results, seek to determine the cause or causes of any significant negative voting, and take these results into consideration when making future decisions regarding executive compensation programs. The Company's current policy is to hold such an advisory vote every year.

The Company designs its executive compensation programs to implement its core objectives of providing competitive pay, pay for performance, and alignment of management's interests with the interests of its stockholders. Stockholders are encouraged to read the Compensation Discussion and Analysis section of this Proxy Statement for a more detailed discussion of how the Company's compensation programs reflect its core objectives.

The Board believes the Company's executive compensation programs use appropriate structures and sound pay practices that are effective in achieving its core objectives. Accordingly, the Board encourages its stockholders to approve the compensation of the Company's named executive officers as disclosed pursuant to the SEC's compensation disclosure rules, including the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement.

Required Vote and Board Recommendation

The proposal to approve, on an advisory basis, the compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes properly cast on this proposal. Abstentions and broker non-votes will not be considered votes cast on the proposal and will therefore have no effect on such proposal.

**The Board of Directors recommends that stockholders vote "For", on a non-binding advisory basis,
the compensation of the Company's named executive officers.**

HOUSEHOLDING

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy materials. This means that only one copy of the Company’s notice of internet availability of proxy materials may have been sent to multiple stockholders in your household. The Company will promptly deliver a separate notice of internet availability of proxy materials to you if you request one by writing or calling the Company’s Secretary, Peter Azzarello, at 2500 Northwinds Parkway, Suite 100, Alpharetta, GA 30009; Telephone: (678) 221-3343. OTHER MATTERS

The Board of Directors knows of no matters to be presented at the Annual Meeting other than as described in this Proxy Statement. However, if any other matters properly come before the Annual Meeting or any adjournment thereof, it is intended that proxies in the accompanying form will be voted in accordance with the discretion of the persons named therein.

Proxy Solicitation

The solicitation of proxies is being conducted by the Company, which will bear the cost of the solicitation. The Company will request brokerage houses, banks and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so. The Company expects to solicit proxies primarily by mail, but directors, officers, and other employees of the Company may also solicit in person, by telephone, by facsimile, or by mail.

Stockholder Proposals for Next Year’s Annual Meeting

Pursuant to Rule 14a-8 under the Exchange Act, some stockholder proposals may be eligible for inclusion in the proxy statement for the Company’s next Annual Meeting of Stockholders. For a proposal of a stockholder to be considered for inclusion in next year’s proxy statement, it must be submitted in writing, with the proof of stock ownership in accordance with Rule 14a-8 and received by the Secretary of the Company no later than June 30, 2015.

Under the Company’s By-Laws, if a stockholder wants to submit a proposal for next year’s Annual Meeting of Stockholders under Rule 14a-8, or wants to nominate candidates for election as directors at an Annual Meeting of Stockholders, the stockholder must provide timely notice of his or her intention in writing. To be timely, a stockholder’s notice must be delivered to the Secretary, at the Company’s principal executive offices, not less than 90 days prior to the date of the Annual Meeting of Stockholders. However, in the event that less than 100 days’ notice or prior public announcement of the date of the meeting is given or made to stockholders, then a proposal shall be received no later than the close of business on the tenth day following the date on which notice of the date of the meeting was mailed or a public announcement was made. Only the Board of Directors or the Nominating and Governance Committee thereof may nominate candidates for election at a special meeting of the stockholders. The Company’s By-Laws also specify requirements as to the form and content of a stockholder’s notice. The Company will not entertain any proposals or nominations that do not meet these requirements.
